

Hi there! I'm Keo Match.

I've been a Creative Director, Illustrator, Animator, Muralist, Curator, Studio Manager & you guessed it...
Graphic Designer.

What am I about.

Creativity. Collaboration.
Innovation. Process. Detail.
Promotion. Design. Success.

What have I done.

Illustration. Branding.
Graphic Design. Typography.
Animation. Art Direction.
Curation. Concept Development.
Web Design. Street Art.
Much much more.

What I want to do.

More of the same for you
... preferably paid.

What you need to know.

I work above and beyond everytime.
I'm driven to do the
best job I can on every job.
A job is only worth doing
if it can be done right.

And finally...

I believe any obstacle can be overcome
with good design, innovative thinking
and an eye for detail.
No budget is too big or too small if it
is approached with a clear plan of
attack and a proactive and honest
outlook on the design process
to be executed.
