Hunter TAFE || Newcastle, Australia
2008

EXPERIENCE

ILLUSTRATOR/ANIMATOR

2008 - NOW

[Freelance](#) || U.K. & Australia

Keo Match Creative has been my freelance business for over 10 years. I work closely with great clients to understand their goals and take creative projects from ideation to final execution. Often I'm called upon by these same clients years later to play a role in their brand evolutions and side projects.

Some of my brilliant clients:

ILLUSTRATOR/ANIMATOR

2012 - 2015

[Headjam Design Agency](#) || Australia.

First working in a freelance capacity and later being invited to join the Headjam team officially, my time at Headjam saw me work for numerous clients in many different industries including health, education and government. I got to hone my animation skills and was given that studio experience that I was craving. I, from time to time, still collaborate with Headjam on illustration projects as they need.

MANAGER (CO-FOUNDER)

2010 - 2014

[The Roost Creative](#) || Australia

There from its grass root non-profit beginnings, I saw The Roost flourish. I ran exhibitions, workshops, social media, promotions, introductions, internal technology, workspace allocation, internal and external communication, and general up-keep. The Roost is still going strong to this day.
